Summary

I'm an organised professional, with great attention to detail and a problem-solving aptitude. I hold a Higher Certificate Diploma (NFQ level 6) in web development at CCT College and I'm a self-taught developer with a focus on React. I have good knowledge of many technologies that apply to the position, and as a fast-paced learner, I am more than willing to learn everything that is necessary to be a successful Front-End Developer.

Experience

＞ DevOps agent

Accenture

Oct 2021 - Present (3 months +)

As an agent of the Developer Operations Team, I perform the manual testing of mobile and web applications;

The routine consists of testing apps manually and then reporting bugs and not compliant features to the developers, also escalating suspicious behaviours;

The skillset involved in this job is strong attention to detail, the ability to work in a fast-paced environment and organisation to meet all the deadlines and updates;

＞ Content Moderator

Accenture

Oct 2020 - Oct 2021 (1 year 1 month)

As a Content Moderator, I'm responsible for analysing and reviewing the content escalating and/or resolving issues that are reported by users or flagged by the system;

Achievements: I was awarded by my company for developing web applications with Javascript, CSS, HTML and AppScript that improved the agents routing, resulting in an increase of productivity and also provided better data collection and analysis.

Senior Administrative Assistant

Faurgs- TI

Apr 2014 - Mar 2017 (3 years)
